Brand Guidelines

2026

Contents

Six chapters. Twelve required coverage areas. One coherent operating system.

01	Strategic Foundation	Mission, Vision, Core Values, Brand Overview, Target Audience, Customer Persona
02	Tone of Voice	Characteristics, Writing Style & Tone, Messaging Guidelines, Brand Language & Terminology
03	Visual Identity	Logo, Monogram, Typography, Colors, Photography, Brand Elements, Grid Systems
04	Applications	Print, Digital, Packaging, Signage, Environmental, Presentations, Events, App, Vehicle
05	Documentation	File Names, Downloadable Assets, Terms & Conditions, Contact Information & Support
06	Appendices	Glossary of Terms, FAQs, Additional Resources

1

Strategic Foundation

Clarity gives momentum a direction.

1.1 Brand idea

1.2 Positioning

1.3 Mission

1.4 Vision

1.5 Core values

1.6 Brand overview

1.7 Target audience

1.8 Customer persona

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

Brand Idea

Brand Idea

Massar turns fragmented needs into one coordinated path — connecting business thinking, creative direction and execution.

1.1

CLARITY IN MOTION

One partner. One path.

THE ROLE OF THE BRAND

To simplify the client’s moving parts without simplifying the ambition.

Direction is not a graphic motif. It is the behavior of the brand: how information is structured, how decisions are framed, and how work moves from problem to outcome.

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

Positioning

The brand is positioned as an integrated creative and business partner for ambitious startups and SMEs.

1.2

POSITIONING STATEMENT

An integrated creative and business partner that brings strategy, marketing and execution onto one clear path.

WHO	FOR WHOM	WHAT	WHY
Ambitious startups and SMEs	Business owners and brand managers	Integrated strategy + execution	Specialized expertise working as one partner

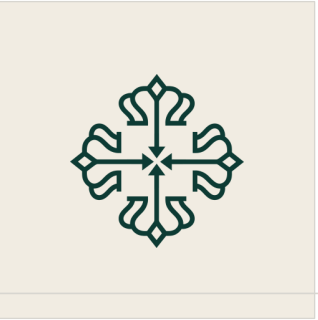

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

Mission

A concise internal statement that defines what Massar does every day.

1.3

Bring strategy, creativity and execution into one coordinated path for growing businesses.

What this means

We begin with the business problem, define the direction, then coordinate the right mix of strategy, communication and execution.

What this avoids

Selling isolated deliverables without understanding the commercial role they are expected to play.

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

Vision

A future-facing statement that gives the brand an ambition beyond the first market.

1.4

Become a trusted integrated partner for ambitious businesses across Egypt and the wider MENA region.

EGYPT — **MENA** — **GCC / SELECT MARKETS**

Growth path shown as strategic ambition, not a timeline commitment.

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

Core Values

Core Values

The values should guide decisions, not decorate walls.

1.5

01	**Clarity**	Make complexity understandable and actionable.
02	**Craft**	Hold every discipline to a high execution standard.
03	**Partnership**	Work with the client, not around them.
04	**Momentum**	Turn decisions into progress.
05	**Accountability**	Own the outcome, not only the deliverable.

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

Brand Overview

Massar combines business understanding with creative and execution capabilities.

1.6

MASSAR

Advertising / Multimedia / Consulting

Digital & Outdoor Marketing

Communication that builds reach, recognition and demand.

Business Development

Commercial thinking that connects growth goals with market actions.

Solutions

Integrated problem-solving across communication and execution.

Consulting

Structured guidance before creative production begins.

Target Audience

The primary audience is defined by decision responsibility, ambition and business stage — not only age.

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

1.7

PRIMARY

Ambitious Startups + SMEs

DECISION CONTEXT	Growth, repositioning, launch, scale or communication complexity.
MINDSET	Wants high quality but values clarity and speed.
BUYING BEHAVIOR	Prefers one accountable partner over fragmented suppliers.
GEOGRAPHY	Egypt first; designed to scale into MENA.

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

Customer Persona

Customer Persona

Two decision-maker profiles inside the same primary audience.

1.8

01

THE OWNER

Founder / Business Owner

Needs a partner who can translate business priorities into action without managing five separate suppliers.

Values: speed, accountability, confidence, quality.

02

THE BRAND LEAD

Brand Manager

Needs strategic thinking, strong creative standards and execution that stays consistent across multiple touchpoints.

Values: clarity, collaboration, consistency, proof.

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

Brand Principles

Five rules that translate the strategy into behavior.

1.9

01 Understand before creating.

02 Make the complex clear.

03 Use specialists as one team.

04 Choose quality over noise.

05 Design for consistency at scale.

2

Tone of Voice

Clear enough for business. Warm enough for people.

2.1 Voice overview

2.2 Characteristics

2.3 Writing style

2.4 Messaging architecture

2.5 Messaging pillars

2.6 Brand language

2.7 Preferred / avoided terms

2.8 Sample messaging

Tone of Voice Overview

Massar sounds confident and informed without becoming stiff, verbose or self-important.

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

2.1

FORMAL	WITTY	ENERGETIC	PRECISE
Not bureaucratic	Not playful	Not frantic	Not cold

Voice Overview

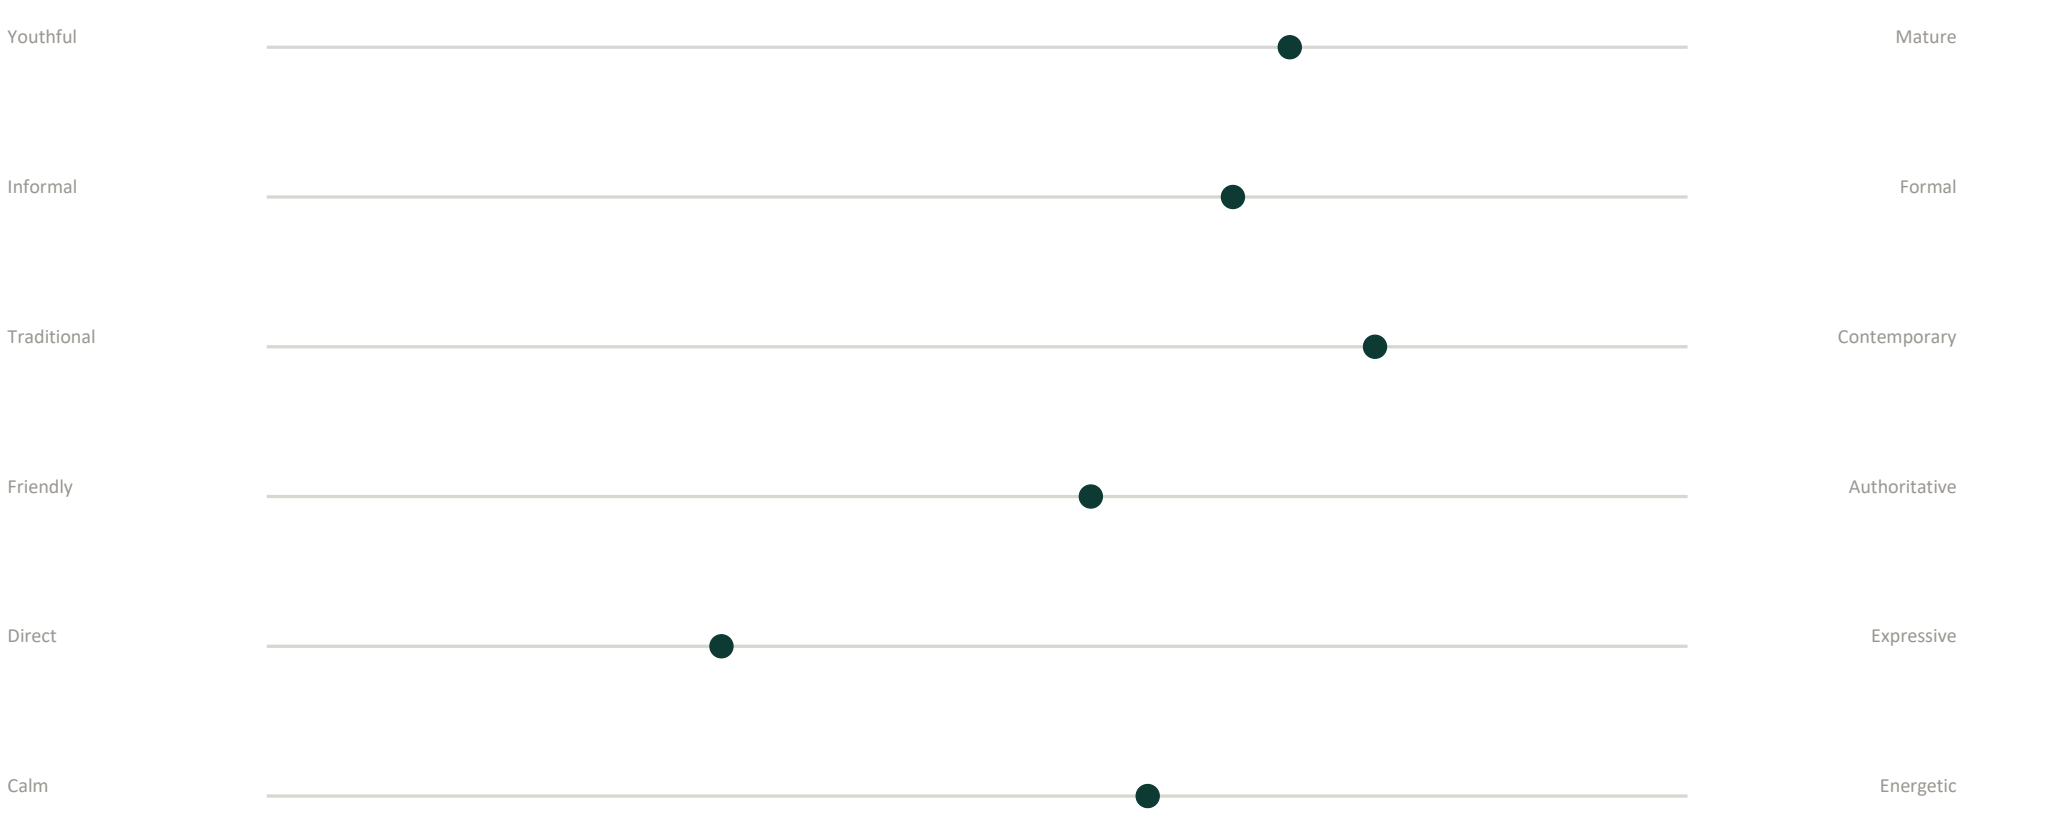

The voice should make complex work feel navigable. It should sound like a senior partner: direct, composed, current and useful.

Characteristics

The voice sits between authority and accessibility.

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

2.2

Writing Style

Write to reduce friction. Every sentence should move the reader forward.

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

2.3

1	**Lead with the point**	Put the useful idea before the explanation.
2	**Prefer active voice**	Make the subject and action obvious.
3	**Keep sentences tight**	Remove filler, throat-clearing and duplicated claims.
4	**Use wit sparingly**	A sharp line can humanize the brand; jokes should never become the brand.
5	**Name outcomes**	Explain what changes for the client, not only what Massar does.

Messaging Architecture

Move from business tension to direction, then to proof.

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

2.4

01	02	03	04	05
TENSION	**DIRECTION**	**CAPABILITY**	**PROOF**	**ACTION**
Name the business problem clearly.	Show the strategic response.	Introduce the relevant disciplines.	Show work, systems, outcomes or expertise.	Make the next step obvious.

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

Messaging Pillars

Four ideas Massar should return to consistently.

2.5

CLARITY	We turn complexity into direction.
INTEGRATION	Specialists work as one coordinated partner.
QUALITY	High standards should be visible in every discipline.
MOMENTUM	Good strategy must lead to action.

Brand Language

Use simple business language. Avoid agency jargon unless it improves precision.

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

2.6

Preferred

clear direction
integrated partner
specialist expertise
business objective
creative execution
next step
measurable outcome

PREFERRED

Use carefully

360°
disruptive
full-service
best-in-class
viral
creative solutions
innovative by default

USE CAREFULLY

Preferred / Avoided Terms

The difference is not “formal vs casual”; it is specific vs generic.

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

Terminology

2.7

Instead of	Use
We offer 360 solutions	We coordinate the right disciplines around one objective.
We are innovative	Show what changed, improved or became possible.
We are the best team	Describe expertise, process or proof.
Grow your brand	Define what growth means in the context.

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

Sample Messaging

Examples show tone and structure — not fixed copy templates.

2.8

Brand statement

Too many moving parts. One clear direction.

Service intro

We start with the business problem, then build the right path through strategy, marketing and execution.

3

Visual Identity

A precise system that stays recognizable without becoming rigid. rigid.

3.1 Identity overview

3.2 Logo anatomy

3.3 Primary logo

3.4 Monogram

3.5 Logo variations

3.6 Clear space

3.7 Minimum size

3.8 Logo placement

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

Identity Overview

The identity uses a restrained system: strong mark, disciplined typography, controlled color and consistent information architecture.

3.1

LOGO

Locked mark + monogram

COLOR

Green, Bone, Ink, Clay, Stone

TYPE

Switzer / Cormorant Garamond / IBM Plex Sans Arabic

GRID

12-column modular system

IMAGE

Real photography only

MOTION

Purposeful, structured, restrained

Logo Anatomy

The logo is locked. Its symbol and wordmark may be used separately only where the system specifically allows it.

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

3.2

MONOGRAM

WORDMARK

massar

The monogram carries direction and convergence. The wordmark adds a refined, human counterweight.

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

Primary Logo

Use the primary Green-on-Bone version whenever contrast and production allow.

3.3

Primary logo artwork must always be placed from the approved master asset. Do not rebuild or retype.

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

Monogram

The monogram can operate independently at small sizes and in high-frequency applications.

3.4

Preferred contexts: favicon / social avatar / app icon / motion end frame / compact signage.

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

Logo Variations

Approved color states support both signature and production contexts.

3.5

Clear Space

Protect the mark with a clear-space unit derived from the monogram.

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

3.6

RECOMMENDED RULE

X = ¼ monogram height

Keep at least X clear on all sides of the complete lockup.

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

Minimum Size

Maintain legibility and preserve the relationship between the monogram and wordmark.

3.7

DIGITAL

Recommended minimum
120 px lockup width

PRINT

Recommended minimum
25 mm lockup width

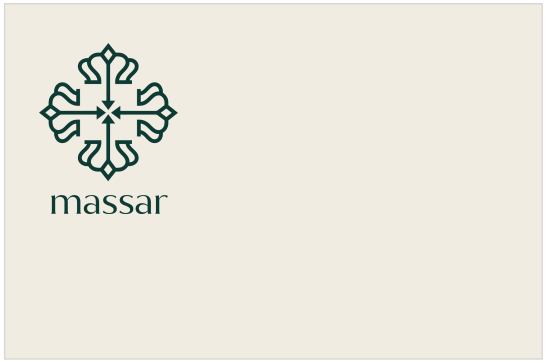

Below these thresholds, use the monogram only.

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

Logo Placement

Placement should follow the grid and preserve calm space around the mark.

3.8

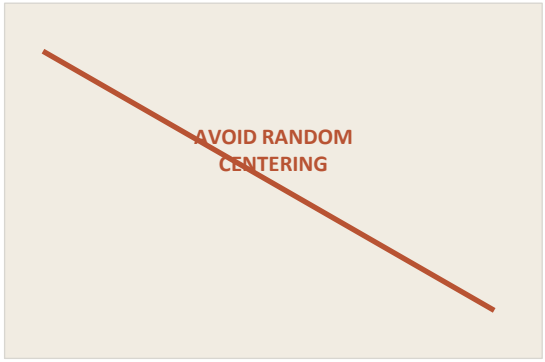

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

Background Use

Logo on Color

Contrast comes before preference. Use only approved pairings.

3.9

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

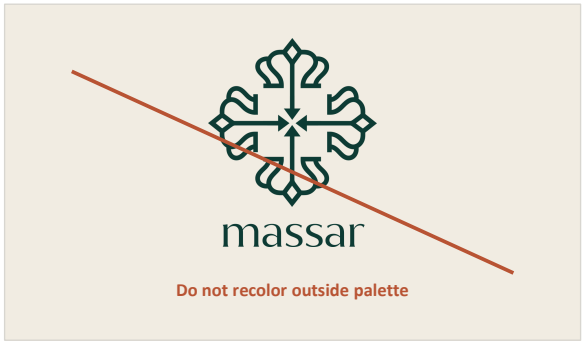

Logo Misuse

The logo is locked. Never trade recognition for novelty.

3.10

Do not distort

Do not recolor outside palette

Do not alter spacing

Do not rotate

Do not add effects

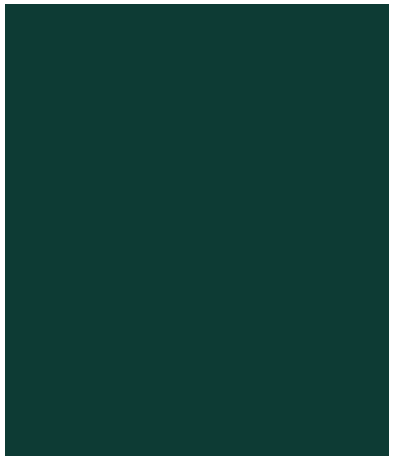

Do not rebuild the wordmark

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

Color Overview

A compact palette designed for clarity, warmth and controlled contrast.

3.11

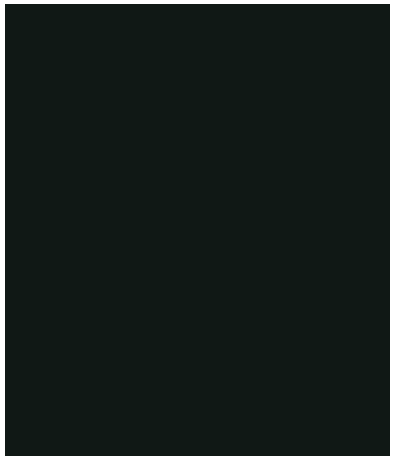

Massar Green

#0D3B34

Bone

#F1ECE2

Ink

#101815

Clay

#B85333

Stone

#9A9791

Primary relationship Green + Bone

Support Ink / Clay / Stone

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

Primary Colors

Primary colors carry the signature relationship of the brand.

3.12

NAME	HEX	RGB	CMYK	PANTONE (APPROX)
Massar Green	#0D3B34	13 / 59 / 52	88 / 48 / 64 / 48	3435 C
Bone	#F1ECE2	241 / 236 / 226	5 / 5 / 11 / 0	9143 C

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

Supporting Colors

Supporting colors extend the system without competing with the core Green + Bone relationship.

3.13

	**Ink**	#101815	16 / 24 / 21	78 / 62 / 70 / 78	Black 6 C
	**Clay**	#B85333	184 / 83 / 51	22 / 78 / 90 / 10	173 C
	**Stone**	#9A9791	154 / 151 / 145	42 / 36 / 39 / 3	Warm Gray 6 C

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

Color Usage

Color hierarchy keeps communication calm, legible and recognizably Massar.

3.14

Bone / White	45%
Massar Green	30%
Ink	15%
Stone	7%
Clay	3%

Use Clay as a selective emphasis color, not as a second primary.

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

Typography Overview

Typography is deliberately simple: one primary grotesque, one restricted serif, one Arabic family.

3.15

Switzer

Primary + body

Cormorant Garamond

Logo-adjacent serif / restricted use

مسار— IBM Plex Sans Arabic

Arabic / future-ready support

Switzer Weights

Primary + body — Switzer. One family handles most communication.

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

Switzer

3.16

Ag	Thin	100
Ag	Light	300
Ag	Regular	400
Ag	Medium	500
Ag	**Semibold**	600
Ag	**Bold**	700
Ag	**Black**	900

Use a legal Switzer license/install in production. Paid upgrade path, if ever required: Neue Haas Grotesk Display. Never run both.

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

Typographic Hierarchy

A simple hierarchy creates consistency across brand, digital and documentation.

3.17

Clarity Through Clean Design

Display / 48–72 pt

Sustainable and User-Centric

Headline / 24–36 pt

Structuring communication with precision

Subhead / 16–20 pt

Body copy remains compact and highly legible, with generous line spacing and concise paragraphs.

Body / 9–12 pt

MICRO LABEL / 6–8 PT

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

Restricted Serif

Cormorant Garamond

The serif exists only to make the wordmark feel native to the system.

3.18

One partner. One path.

Restricted use only

Pull quotes	**Single-line statements**	**Chapter openers**
Never body copy	**Never subheads**	**Never below 24 pt**

Arabic Typography

Arabic uses IBM Plex Sans Arabic to stay contemporary and structurally compatible with Switzer.

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

3.19

مسار

هوية واضحة، دقيقة، ومتوازنة.

IBM Plex Sans Arabic

One family for Arabic. Avoid default system Arabic fonts that make the identity feel generic or disconnected from the Latin system.

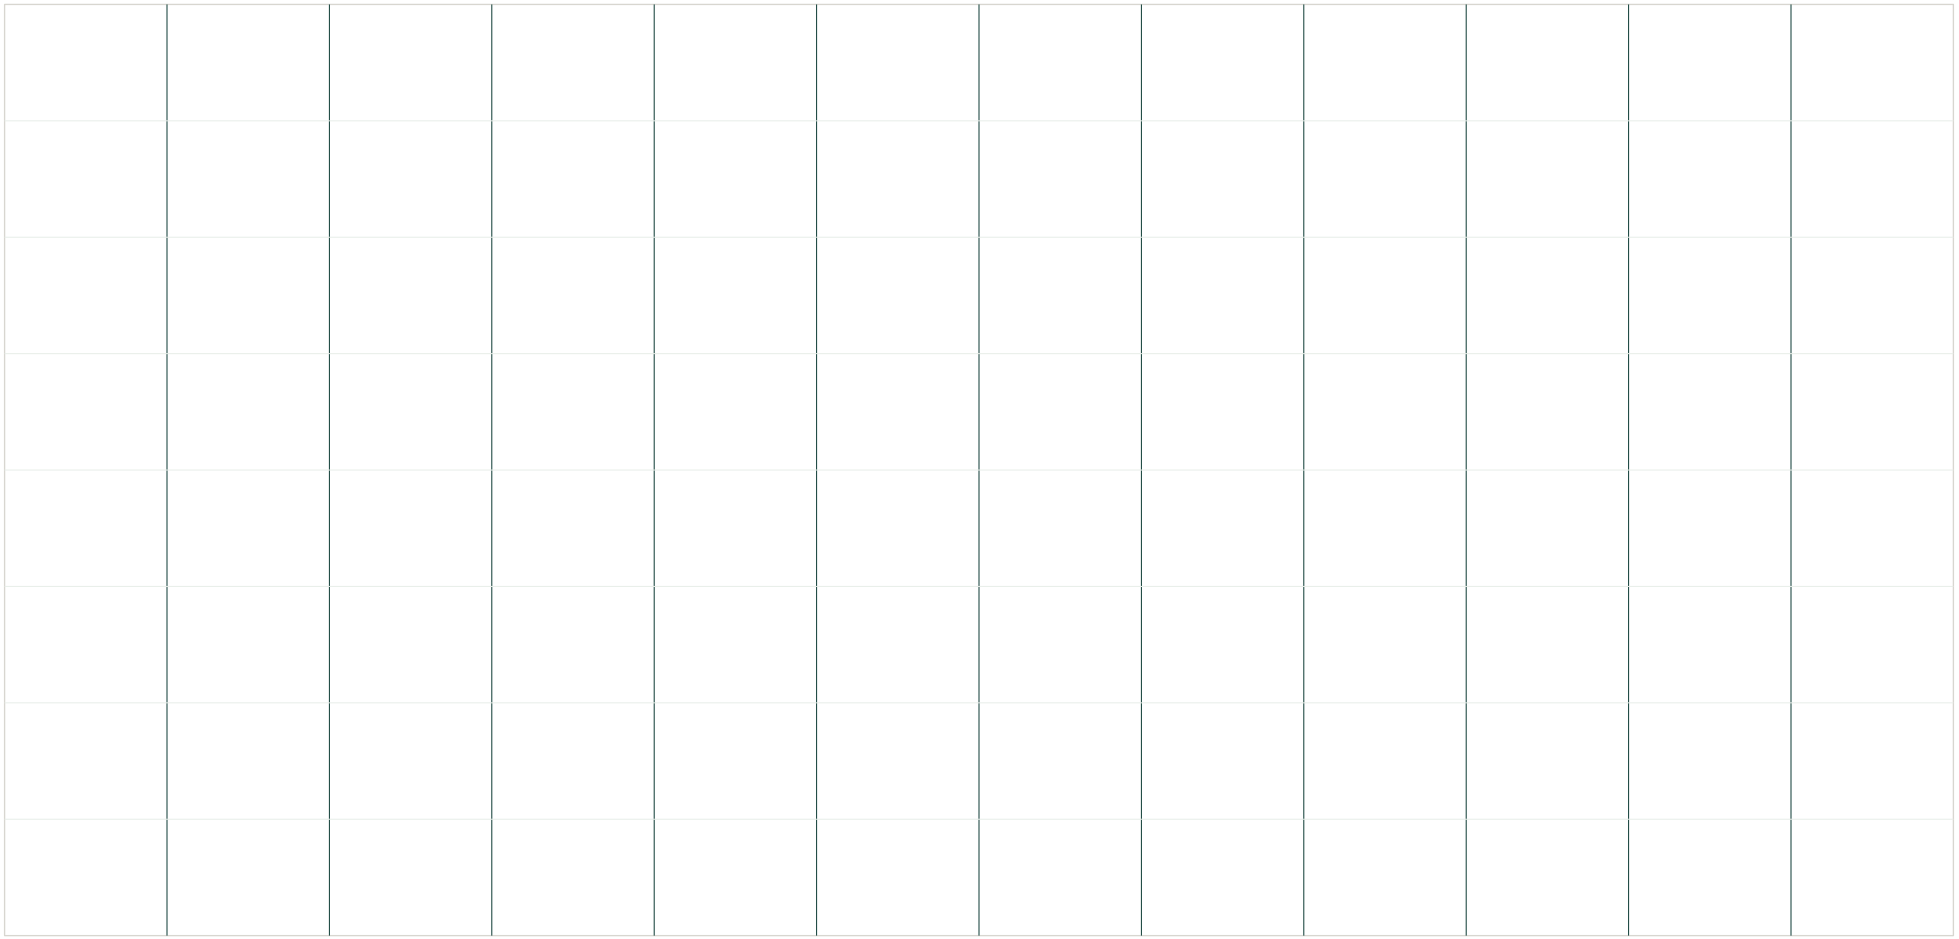

AVOID CAIRO

Grid System

A 12-column modular grid supports dense technical pages, editorial layouts and applications.

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

3.20

12 COLUMNS

8 ROW MODULES

FIXED LEFT NAVIGATION

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

Layout Principles

The grid creates order, but not every page needs to look the same.

3.21

01

Align

Use shared verticals and baselines.

02

Scale

Create clear contrast between primary and secondary information.

03

Breathe

Use empty space as an active part of the composition.

04

Crop

Crop only when it creates useful emphasis.

05

Repeat

Repeat rules, not layouts.

06

Break once

One intentional exception creates tension; many create noise.

Brand Elements

Supporting elements should extend the system without becoming decorative noise.

1 Strategy

3 Identity
4 Applications
5 Documentation
6 Appendices

3.22

FRAMES

RULES

MARKERS

INDEXING

3.22
VISUAL IDENTITY
BRAND ELEMENTS

No arrows, no random geometric patterns, no decorative path lines by default.

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

Photography Overview

Photography is real, editorial and purposeful. AI-generated imagery is not part of the identity.

3.23

PEOPLE

Real interaction, process, collaboration.

PROCESS

Hands, details, making, production.

ENVIRONMENT

Business, events, spaces, media.

OUTPUT

Campaigns, screens, print, physical touchpoints.

REAL PHOTOGRAPHY ONLY

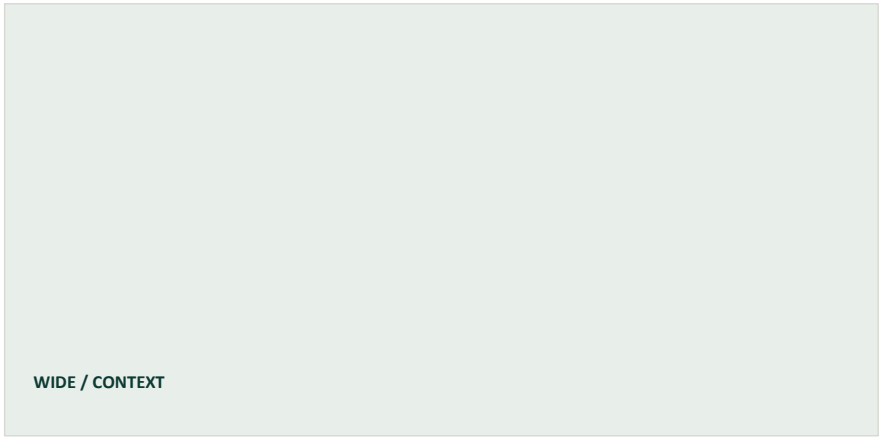

NO AI IMAGERY

Photography Composition

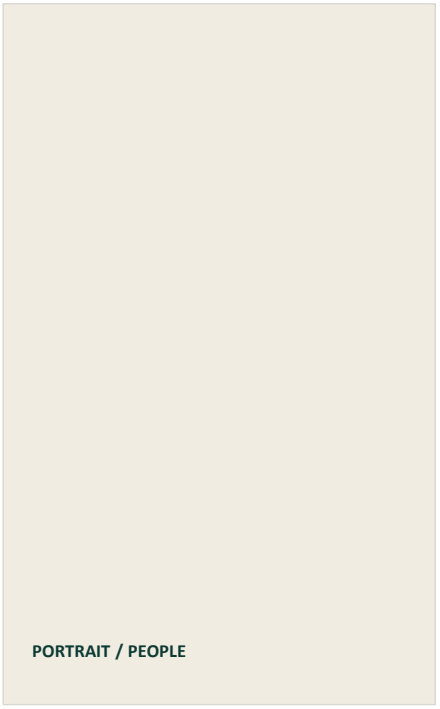

Framing should feel observed, not staged.

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

3.24

Keep subjects off-center when it supports the story. Use foreground and environment to create context. Avoid generic “smiling at laptop” poses.

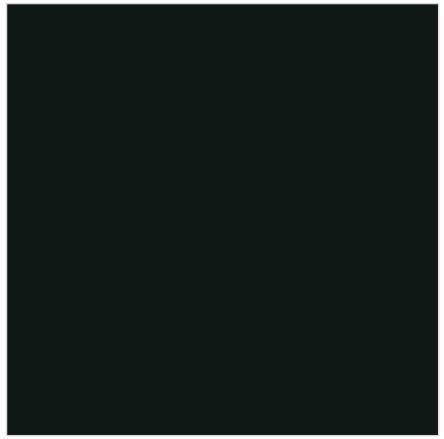

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

Photography Treatment

Treatment should support consistency without forcing every image into the same filter.

3.25

FULL COLOR

MONO / INK

GREEN DUOTONE

BONE OVERLAY

Default: full color with controlled contrast. Monochrome and duotone are selective system tools — never a shortcut for weak imagery.

4

Applications

The system should feel consistent without becoming repetitive. repetitive.

4.1 Application principles

4.2 Business cards

4.3 Letterhead

4.4 Folder

4.5 Presentations

4.6 Digital media

4.7 Social

4.8 Website

Application Principles

Applications inherit the system: color, typography, navigation logic and spacing.

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

4.1

01 One dominant message per surface.

02 Use the logo at a confident but not oversized scale.

03 Treat Green as an anchor, not a wallpaper.

04 Keep product/service content inside the same grid logic.

05 Use Clay only when emphasis is useful.

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

Business Cards

Stationery — Business Cards

Business cards use the core Green/Bone relationship and a strict information hierarchy.

4.2

Stationery — Letterhead

Letterhead stays highly restrained so the document remains the focus.

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

4.3

A4 / 210 × 297 mm

Logo top left
Body aligned to content grid
Contact details in footer
Bone may be used as a reverse stationery stock

Stationery — Folder

Presentation folders use large color fields and minimal information.

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

4.4

Presentation Cover

The presentation system should feel like a continuation of the guidelines, not a separate corporate template.

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

Presentation Cover

4.5

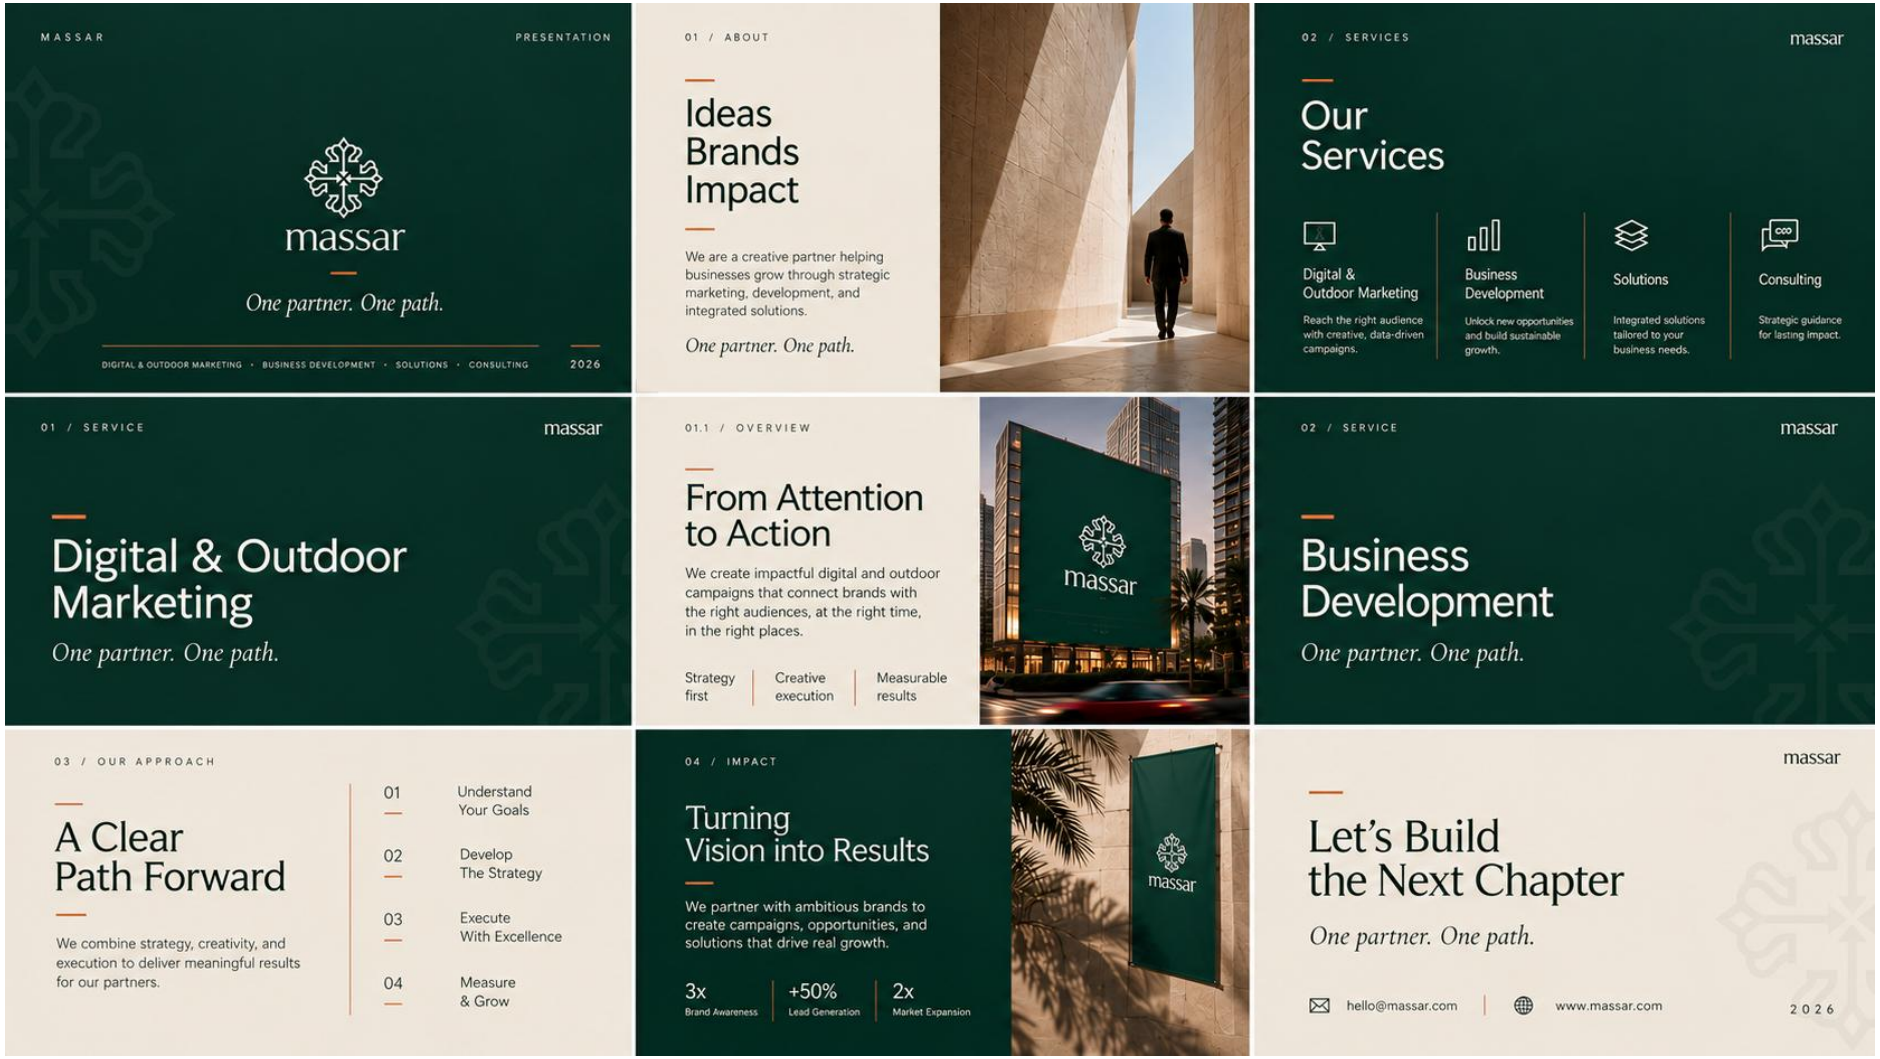

Presentation System

Use a small set of layout families instead of a fixed template for every slide.

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

4.6

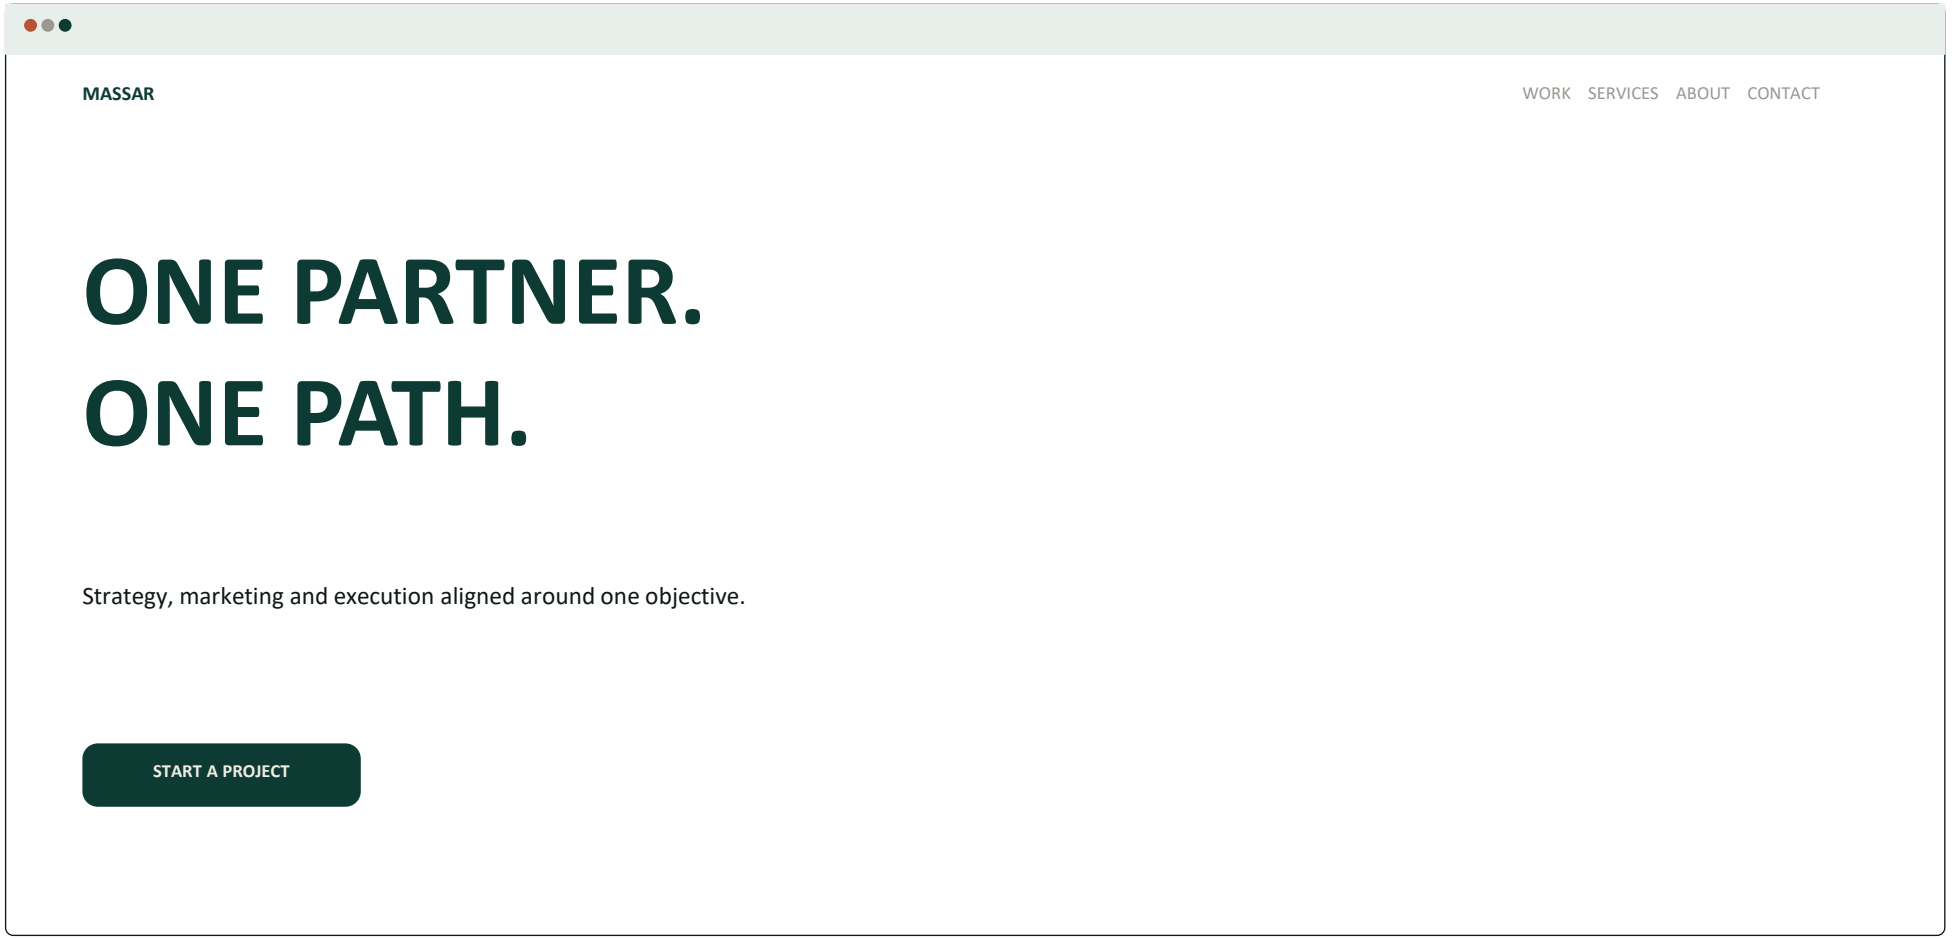

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

Website Hero

The website uses the same information hierarchy as the guidelines: calm navigation, strong statement, clear next action.

4.10

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

Digital Banners

Banner behavior is typographic and direct. Avoid shrinking full campaign layouts into small formats.

4.12

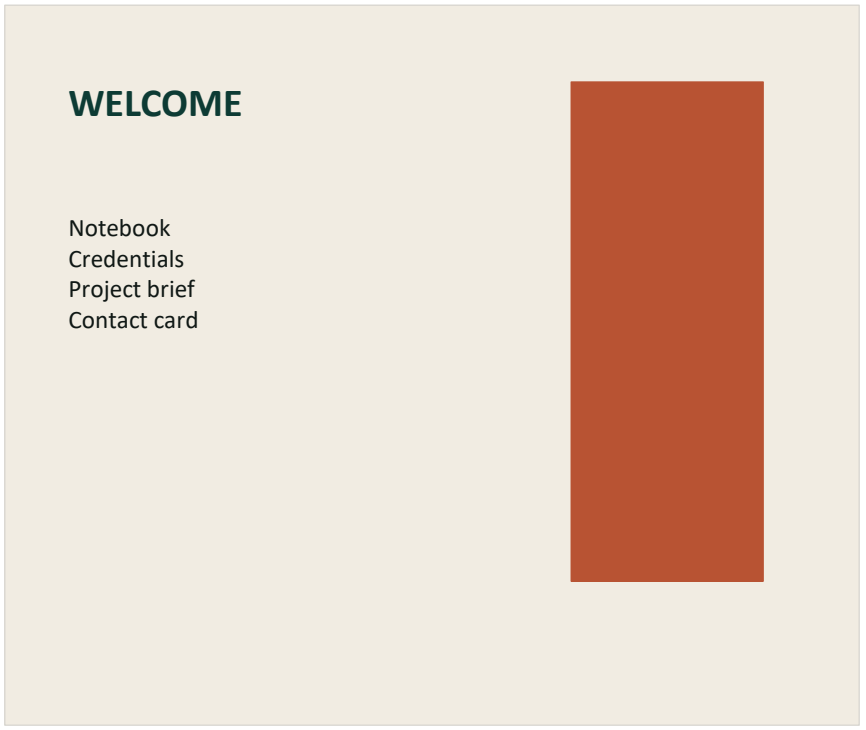

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

Packaging / Welcome Kit

For an agency, packaging is a client-experience tool: document boxes, project kits and event packs.

4.13

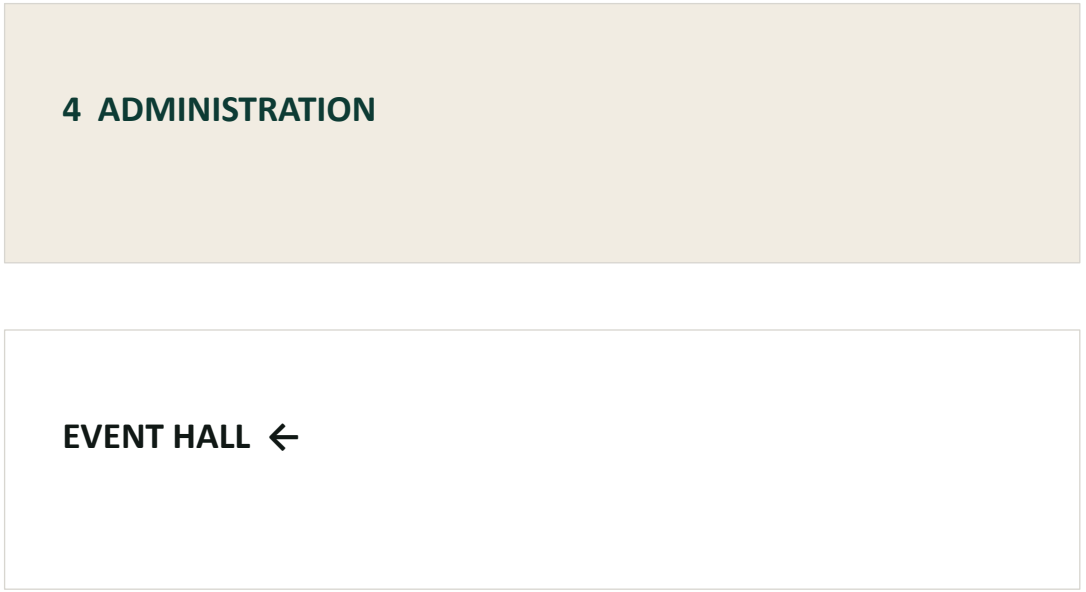

Signage

Signage uses the monogram for recognition and Switzer for information.

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

4.14

Environmental Design

Large-scale environments use color blocks, wayfinding and content surfaces — not oversized logos everywhere.

1 Strategy
2 Voice
3 Identity
4 Applications
5 Documentation
6 Appendices

4.15

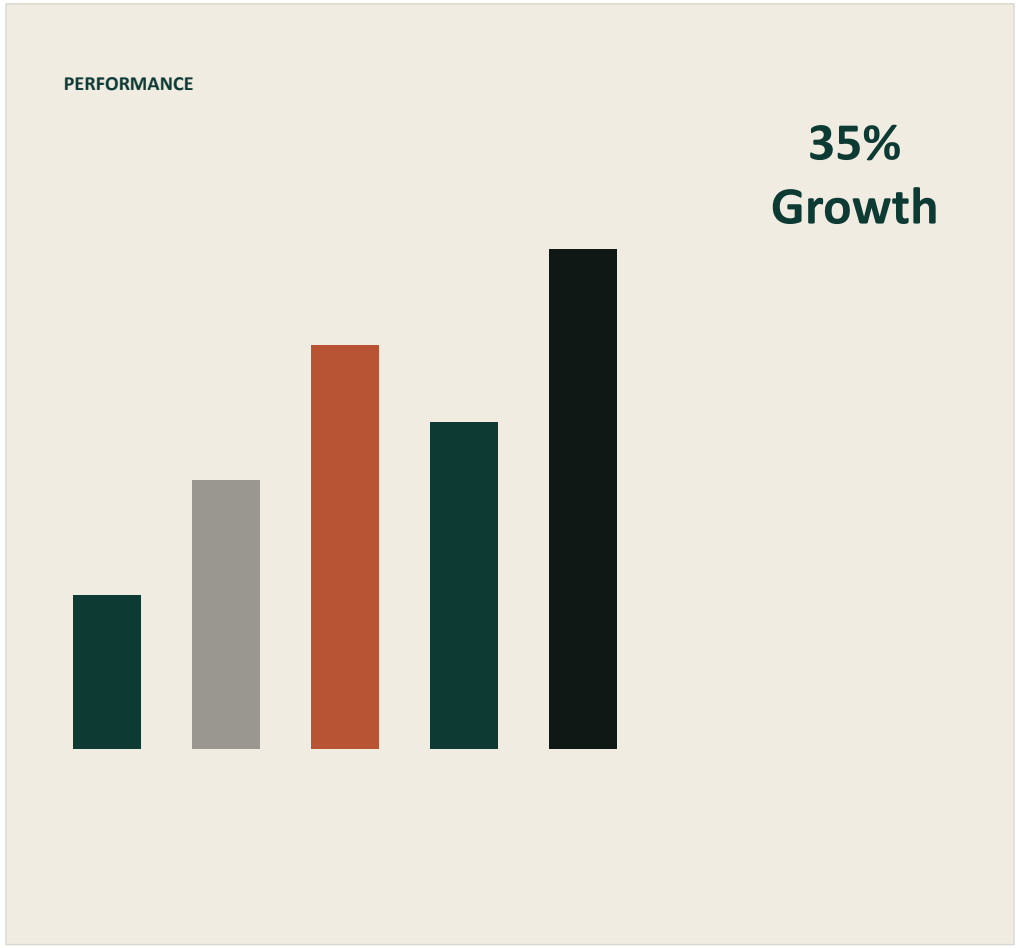

Reports

Reports use the guideline navigation logic to make dense information easy to scan.

6 Appendices

FAQs

6.2

01	**Can I change the logo spacing?**	No. Use the supplied master lockup.
02	**Can a campaign use a different accent color?**	Only with deliberate art direction and approval; the core identity should remain recognizable.
03	**Can I use AI-generated photography?**	No. The identity requires real photography with appropriate usage rights.
04	**Can I use another font?**	Only when platform constraints make the approved typefaces unavailable. Match the hierarchy, not just the look.
05	**Can I use the monogram alone?**	Yes, in approved compact contexts such as avatars, app icons and small signage.

Additional Resources

Keep source files, license references and production templates together with the brand book.
